Time Zones and Daylight Saving Time:

Baja California will be observing Pacific Daylight Time on our next clinic, scheduled for April 27. That makes them the same time as Arizona. So 10:00 on your watch is 10:00 in El Rosario or San Quintin. Remember, most cell phones are set to automatically show the local time.

Pilots need to remember the San Felipe Airport ALWAYS opens at 0800 Arizona time. San Felipe adjust their hours to make this happen.

First Timers:

		
Christopher Chin Dentist	Rita Dransoff Pediatric Nurse Practitioner	Kyla Hollen Dentist
		
Magaly Lilly Interpreter	Alex Trofymenko Medical Student (almost an MD)	Tim Miller Outstanding Helper

We had 4 airplanes flying this clinic. Three from Ryan, with one flying up to Chandler very early to pick up Rita Dransoff and Jason Brady who live in the Phoenix area. The forth plane left from Marana. Amazingly all the airplanes arrived close together at San Felipe for clearing in and then to Los Pinos Airport in San Quintin, landing there around 10:00. We used all three of the vans to get everyone and the supplies to the clinic in El Rosario by 10:45 and opened the clinic.

We found everything working at the clinic, electricity and water. The water was working due to the efforts of Carl Foster and Scott Farris who flew to the clinic last weekend and installed a new water pump. The old pump was stolen sometime in the last 3 weeks.

Once the clinic was open, Scott took up triage, a position he does well in and seems to enjoy. Christine was organizing things and also worked as the floating interpreter. Dental was staffed with Ken Reed, Jason Brady, Christopher Chin, Kyla Hollen, and Sarah Hester doing hygiene. Linda Algar did her usual excellent job of organizing the dental area. Rita Dransoff, joined us from the Phoenix chapter as our Pediatric Nurse Practitioner. Alex Trofymenko, Magaly Lilly and Dan Lilly filled out our interpretation needs. Dan also assisted in dental. When not interpreting Alex handled glasses. Tim Miller was called upon to do all sorts of odd jobs, including counting pills a job necessary to make pre-counted packets to hand out. It's a little difficult to figure out exactly what Bill and Carl did. Other than getting the cars taken care of with fuel and headlight adjustments, they really just waited for something to break, nothing did.

We closed the clinic around 5 and drove into San Quintin for street tacos. We were a little disappointed when we found our usual place closed, apparently because of some family emergency. We ended up next door and still had very good tacos. We were at the hotel by 7:30.

Saturday, Apr 14, 2018

We met in the hotel lobby at 7:00 am and drove down to El Rosario to have breakfast at the Mama Espinosa's Restaurant. The food was good and we got to say hello to Roli, Mama's daughter. We got the clinic opened at 9:35.

Everyone assumed the same positions as Friday. The clinic was busy all day with us finally closing at 4:30. That gave some "beach" time for anyone wanting to walk along the beach by the hotel. We met in the bar at 7 and decided to have dinner at the hotel. That worked well as we were able to discuss the clinic and come up with suggestions on how to improve some things.

Sunday, Apr 15, 2018

We met in the lobby at 8, which gave time for those who wanted some breakfast to have a nice meal. We left the hotel a little after 8 and all the airplanes were airborne by 9 am heading to Tucson except one which was heading to Yuma to clear in and then to Chandler to drop off the Phoenix providers.
